COMPANY OVERVIEW

Daxar Enterprises LLC is a federal construction company delivering renovation, repair and alteration, facility improvement, site preparation, and multi-trade construction for federal and public-sector facilities nationwide. Daxar operates with a **prime contractor mindset**: one accountable team that owns scope, schedule, quality, safety, and documentation from award through closeout, supported by a qualified nationwide network of trade partners.

CORE COMPETENCIES

General Construction

Multi-trade building construction, renovation, and facility modification.

Repair & Alteration

Targeted repair, replacement, and modification of building systems.

Interior Construction & Finishes

Drywall, insulation, flooring, painting, and finish carpentry.

Mechanical, HVAC & Plumbing

System replacement and upgrades through qualified trade partners.

Renovation & Modernization

Interior and exterior upgrades that restore function and extend facility life.

Site Preparation

Clearing, grading, excavation, demolition, and earthwork.

Roofing

Installation, replacement, and repair to project specifications.

Concrete & Structural

Poured concrete foundations and structural support.

CONSTRUCTION MANAGEMENT

- Preconstruction
- Scheduling
- Site Safety
- Punch List
- Trade Qualification
- Cost Tracking
- Submittals & RFIs
- Warranty Turnover
- Procurement
- Quality Control
- Inspections
- Contract Closeout

FEDERAL MARKETS

- Federal Facilities
- Administrative & Institutional Facilities
- Military Installations
- Occupied & Unoccupied Sites

WHY DAXAR

Single-Point Ownership

Owned from award through closeout.

Schedule Discipline

Milestones managed proactively.

Inspection-Ready Quality

Consistent standards on every trade.

Compliance & Documentation

Submittals, RFIs, and records managed.

Clear Communication

Consistent updates to all stakeholders.
